Feature Story

[Fed Board proposes to repeal Regulation P](#)

The Federal Reserve Board published a proposed rule that would rescind Regulation P, which governs the how a financial institution can disclose nonpublic personal information about a consumer to a third party. Pursuant to the Dodd-Frank Act, the provisions of Regulation P have been transferred from the Fed's authority to the Consumer Financial Protection Bureau.

Rulemaking

[DOE proposes to expand rules for appliance certification](#)

DOE published a proposed rule that would revise and expand existing regulations that govern certification for compliance with energy conservation rules for certain commercial heating, ventilating, air-conditioning, water heating, and refrigeration equipment.

Agencies

[OMB releases Final Sequestration Report for FY 2014](#)

OMB published a notice announcing the release of its [Final Sequestration Report](#). "The report finds that enacted appropriations are within the current law defense and non-defense discretionary limits for 2014; therefore, a sequestration of discretionary budget authority is not required."

[FDA announces public meeting on food transportation rule](#)

FDA published a notice announcing a series of public meetings throughout the spring on its recently-proposed rule, which would establish sanitation requirements for transporters of human and animal food.

[EPA announces workshop for review of NOx & SOx NAAQS](#)

EPA published a notice announcing a public workshop to be held March 4 - 6 to discuss policy-relevant science that informs EPA's review of the secondary National Ambient Air Quality Standards (NAAQS) for Oxides of Nitrogen and Sulfur.
